DETAILED ACTION

- Pursuant to 35 USC 131, **Claims 1-18** are presented for examination.

Claim Rejections - 35 USC § 112 SECOND PARAGRAPH

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

- 1.1 **Claims 1-18** are rejected under 35 USC § 112 second paragraph for failing to particularly point out and distinctly define the subject matter which the applicant regards as his invention.

- 1.1 **As per Claims 1, 8, 14 and intervening claims:** It is not clear to the Examiner how minimum values for N, M, K, J, H, T render the storage system along with the data recovery operational. For example, if M is equal to 1, it appears that J would be undefined (**Claims 1, 14**).

- 1.2 **Claims 1-18** would be allowable if amended to overcome instant rejections.

Claim Objections

2. **Claims 1, 4-5, 7-8, 10-12 and 17-18** are objected to under 37 CFR 1.75 because 'Where a claim sets forth a plurality of elements or steps, each element or step of the claim should be separated by a line indentation. There may be plural indentations to further segregate subcombinations or related steps. See 37 CFR 1.75 and MPEP 608.01(i)-(p).'

Claims 7, 12 shall end in a period.

There is a lack of consistency in the use of 'wherein' and 'where' in the claims.

'Storage requirement being evenly distributed' or 'storage accesses being more evenly distributed' are not clear in the claim limitations, e.g., **Claims 2-3**.

Appropriate correction is required.

Drawings

3. The Drawings are objected to because Figures 1-4, referred to as conventional in the specification should be designated by a legend such as --Prior Art-- because only that which is

old is illustrated. See MPEP § 608.02(g).

The Drawings are further objected to because: alphanumeric characters are not sufficiently descriptive to convey understanding of said drawings without referring to the specification.

Appropriate correction is required.

Abstract

4. The abstract of the disclosure is objected to because said abstract exceeds one paragraph. Correction is required. See MPEP § 608.01(b).
